the necessary measurements may be made, owners of landed property and occupants of houses are particularly solicited to afford facilities for access to their lands and compounds to the Surveyors employed upon this duty, who will, on their part, take every precaution that the privacy of dwellings is not invaded and that no damage of any sort is done to property. As the operations must at times be carried along the roads, the public are requested when driving or riding to exercise caution in passing the Surveyors at work, so as to avoid the risk of their horses being frightened or more serious accidents happening.
